³ Prices are stated inclusive of VAT, which is already included in the price, with no additional or hidden costs.

⁴ The price is stated inclusive of VAT, with no additional or hidden costs. For non-residents, prices are calculated in the EUR equivalent at the official middle exchange rate of the National Bank of Serbia on the invoice date.

6. Digital asset portfolio management⁵

<p>6.1. Digital asset portfolio management in accordance with the agreed strategy</p>	<p>The fee consists of two components:</p> <ol style="list-style-type: none"> 1. 2% annually of the total portfolio value. Charged proportionally on the first day of each month for the previous month, based on the average portfolio value during that month; 2. 25% annually of the increase in the dinar value of the portfolio (i.e. profit). Charged on the first day of January, or proportionally.
---	---

II Costs

The User shall bear all costs associated with the use of blockchain when transferring digital assets. In other words, the actual transaction costs on the blockchain shall be borne by the User (so-called gas fees).

Users shall be informed of the amount that may be charged as part of the transaction costs borne by the User, which Vescon d.o.o. shall determine based on publicly available data on the cost of individual transactions on the relevant blockchains.

Vescon d.o.o. reserves the right to charge the User a lower amount than the amount stated on the website crypto12.com.

III Discounts

Vescon d.o.o. may introduce discounts, whether temporary or permanent, based on the size of transactions/portfolio, the overall trading volume, or for promotional purposes.

IV No additional fees and costs

Vescon d.o.o. shall not charge any fees or costs other than those specified in this Fee Schedule.

⁵ Prices are stated inclusive of VAT, which is already included in the price, with no additional or hidden costs.
